## PROFILE

Creative Focused Full-Stack Developer with experience in building responsive, visually appealing web interfaces using modern frontend technologies. Adept at translating UI/UX designs into functional components and integrating them with backend services. Proven ability to deliver real-world projects during academic and internship experience, with a strong interest in scalable and user-centric applications.

## WORK EXPERIENCE

### Sep 2025 - Jan 2026

Aevevo Technology

#### MERN Stack Developer Intern

- Maintaining both front-end and back-end operations, integrating APIs, debugging issues, enhancing system performance, and delivering reliable end-to-end functionality.

## PROJECTS

### Notepad : <https://dark-web-notes.netlify.app/>

- Lightweight note-taking app with core CRUD features, deployed on Netlify.

### MiniTube (Ad-free Experiences) : <https://youtube-mu-self.vercel.app/>

- Stream videos without ads in a clean, responsive interface built for speed and simplicity.

### ZARA AI : <https://m-madhumitha.github.io/Zara-AI/>

- Implemented a lightweight AI assistant interface as part of a frontend development project.

### Address Book (MERN Stack) : <https://contact-book-map-project.netlify.app/>

- Developed an address book with interactive map features for visualizing and managing contacts.
